

✓ Payroll Import

Great products for
successful business!

Payroll Import will create an import file containing all of the payroll journal entries necessary to update your General Ledger and Bank Entry quickly. You'll never need to key lengthy payroll batches into your General Ledger or Bank Services again.

While using the Automatic Data Process (ADP) or Paychex, Inc. payroll service to compute, process and print your payroll checks, you can now import an ADP or Paychex file directly into your Sage 300 (ERP/Accpac) General Ledger and/or Bank Services using Payroll Import. Eliminate the time consuming task of keying payroll journal entries into Sage 300 (ERP/Accpac) General Ledger or Bank Services.

FEATURES:

- Eliminate keying payroll information into Sage 300 (ERP/Accpac) General Ledger or Bank Services.
- Compatible with all versions of General Ledger and Bank Services.
- Interface to ADP's Payroll Service PC Client & Web Client.
- Fiscal year vs. Calendar year - Import GL transactions to current fiscal year/period.
- Avoid data input errors on your payroll batches.
- ADP and Paychex create a file that you quickly import into Sage 300 General Ledger and Bank Services.
- Once the ADP or Paychex file format is set up in your Sage 300 (ERP/Accpac) General Ledger, it will always import the file correctly.
- Process large payroll batches quickly as often as necessary for your company's payroll needs.
- Ideal for large weekly, semi-weekly or bi-monthly payroll runs.
- Multiple formats of ADP and Paychex available for importing.
- Edit the imported batch in Sage 300 (ERP/Accpac) General Ledger before posting if necessary.
